The sandty civil appropriation bill was selected to the compromise. Should they decide to do this. Speaker is the correctness of the count, introducing the measure through.

Washington, July 9.—The presiding on the measure through.

The sandty civil appropriation bill was selected to the compromise. Should they decide to do this. Speaker is the correctness of the count, introducing the management against three correctness in the measure through.

The sandty civil appropriation bill was selectation to more the would ask concentration of the conference point of the conference point and selection of the conference point of the conference point and possible to the compromise. The built for the admission of Wyoming. The correctness in the recent the party in opposition to the conference point and the language three in indicated a preference and legal tonder notes would ask concentration of the conference point and the language three in indicated a preference of the conference con

Cockrell—Precisely what I have said. That article is from a very able representative of the gold interest and it is a warning to the Senator from Nevnda (Jones) that he has abandoned the cause of the equalization of silver with gold. Under this

nee bill. Cockrell entered a "most nest and solemn protest against it", as ning a practical cessation of silver age after July, 1891. ming a practical cossation of silver rage after July, 1891. ones, of Nevada,—That is all we

Cockrell-In other words, the Senator Cookerin-in other words, the Senator from Nevada is willing to abandon the double standard to make sliver a mere commodity; to stop its coinage and to tell the people of the country he has done something for them in the restoration of the double standard. The conference bill is a total abandonment of all pretensions to a double standard.

to a double standard. Mitchell in the course of some questions avolving Cockrell's consistency, remarked nat while he was in favor of the bill and unlimited coinage of silver, he would support the conference bill because it was all hat the friends of silver could get

that the friends of silver could get.

Cockrell—I believe if the Semate will relect this report the House will in the end
arree to the Semate bill. We have made
me determined effort to support the Semate
bill. We show no back bone; we show no disposition to stand by what we have solemnly done, and we give truthfulness to issertion of the mono metallists of the that the bill was only a project to ish a market for silver. nicladdressed the Senate in opposition

to the bill. The silver question, he said, was a great deal bigger than the President of the United States, whether the President of the United States, whether the President of the United States, whether the President of Grover Cloveland. Daniel argued that under the conference bill \$70,000,000 worth of silver bullion would be pixed up in the treasury every year for all the years that the silver stream would be flowing, and not a silver stream would be flowing, and not a second. Brandolette third. Time—1:55.

Three-year-old and upwards, mile and this independence of women; restored by the flowing and not a second. Byrnes third. Time—1:55.

Three-year-old and upwards, mile heats. First heat—Longshot won, Quotation the inverse sense will raise of young people. They are co-education; the financial independence of women; restored by the flowing and upwards, mile heats. First heat—Longshot won, Quotation the ground people. They are co-education; the financial independence of young people. They are co-education; the financial independence of young people. They are co-education; the financial independence of young people. They are co-education; the financial independence of young people. They are co-education; the financial independence of young people. They are co-education; the financial independence of young people. They are co-education; the financial independence of young people. They are co-education; the financial independence of young people. They are co-education; the financial independence of young people. They are co-education; the financial independence of young people. They are co-education; the financial independence of young people. They are co-education; the financial independence of young people. They are co-education; the financial independence of young people. They are co-education; the financial independence of young people. They are co-education; the financial independence of young people. They are co-education; the financial independence of young people. They are co-education; the financial independence of young people. was a great deal bigger than the President's of the United States, whether the Presi-dent's name was Benjamin Harrison or Grover Cloveland. Daniel argued that un-der the conference bill \$70,000,000 worth of silver bullion would be piled up in the trea-sury every year for all the years that the silver stream would be flowing, and not a delilar of it could be coincided as we the deliar of it could be coined to pay the bended obligations of the United States, which were payable in coin. Such an enormous discrimination against silver as that never existed in legislation except when silver was completely demena-tired. He admitted it would be better that the conference bill should become law than that no bill on the subject should be-come law. But it was a mere unkeshift. Somer or later, Danie! said, Congress and Somer or later, Plante: Said, Congress and the executive, had to come into collision on the silver question. Why not let the collision come now. If the friends of silver stood up to the fight they thought could win it, and if they ran away they would ose it. If they believed in the free coinage of silver (as he did), they should stand by the Senate bill and let the Pression of the United States take care of times?

ate out and set the President of the Critical States take care of himself.

Morgan took the floor, but said he could not finish his resunrise to-day. An informal understanding was had that a vote would be taken to-morrow and the Senate ad-

Washington, July 9.-Hitt, of Illinois, from the committee on foreign affairs, re ported back the resolution requesting the President to furnish the House with the correspondence between the government of the United States and Great Britain touching the subject in dispute in Behring sen since March 4, 1889. After some debate the

since March 4, 1889. After some denate the resolution was accepted.

After a brief debate Hitt's resolution was adopted. Hitt presented the conference report on the diplomatic and consular appropriation bill. In the course of the discussion reference having been made to the appropriation made by the last bill for the protection of United Statis rights in Salosa. McMillin, of Tennessee, de-Bruin, July 9.- The bundesrath to-day adjourned until November.

clared it now appeared that the entire reclared it now appeared that the entire re-sult of the Samoan negotiation had been to enthrone a King who had been dethroned by his people. Our representatives sent noread for the purpose of settling Samoan matters, had actually gove to the extent of overriding the will of the people of Samoa and settling up as king, a scape grace who has been dethroned, and more over this American administration had undertaken to pay a part of expresses of his kingsion.

American administration had undertaken to pay a part of expenses of his kingdom. It was a disgrace to the American people and, the administration was responsible for the negotiations.

McCrocary, of Kentucky, who was chairman of the foreign affairs committee last Congress, said he believed we had done the best that could be done, and McMillin was putting it too strongly. If he was not satisfied with the negotiations he could introduce a bill becarry out his views, or he could call for the correspondence with foreign nations. There was not a word about Samoa in the present bill.

[Special to The Heraldo-Examiner Dispatch.]

the preference and legal tender notes would be redeemed in gold.

Teller controverted this assertion.
Jones, of Arkansas, read an extract from an article in yesterday's New York Ecening Fost (a paper opposed, he said, to silver legislation in all its forms), to the effect that the conference report contained some features not embraced in either the Houst bill or the Senate bill and tending to make it a better measure than either. It also stated that the purpose of silver was "foiled."

Carnahan, surrounded by his staff, took his position in front of the grand stand. The large Wisconsin brigade came first followed in repuls developed in the position in front of the grand stand. The large Wisconsin brigade came first follows in front of the grand stand. The large Wisconsin brigade came first followed in repuls developed and will be continued every day until finished. In the election of officers to morrow George B. Show, of Eau Claire, Wis, will be chosen supreme chancellor. Omaha is said to be ahead for the place of next meeting.

Divorce in Colorado.

IDANO SPHINGS, Colo., July 9.—[Special elegram to THE HURALD.]—Some time ago the wife of Henry T. Ellis secured a divorce from her husband, which he en deavored to set aside by an appeal. conference report the secretary of the treasury can drive the country to part with every dollar of gold and can lock up in the vaults of the treasury ever siver dollar. That is the most dangerous power given to a secretary of the treasury since the foundation of the government. he took up his abode with his wife and de-Platt—Does the Senator mean to say he rould not give the secretary of the treasury discretion as to which coin he would and at the hearing of the case to-day a nice and at the hearing of the case to-day a nice pay in!

Cockrell—I certainly would give him that
discretion. I would say "redeemable in dence Mrs. Ellis testified that Ellis tried to a flourishing business in mining stocks." Cockrell—That is true, but there is with it a declaration which is a fatal thing, and that is the gold standard still exists and that is the gold standard still exists and must be maintained.

Taking up the third section of the control the hot court room to suffication. Ellis was placed under \$300 bonds and failing to secure ball went to jail to wait trial at the tional association reassembled this morn next term of court.
